

#### ABOUT THE INSTITUTE:

Sree Vahini Institute of Science and Technology (Autonomous) is an educational institution founded by the Kolli Ramaiah Educational Society and committed to offering its students top-quality technical education and research along with overall development. The institute is located on a 10-acre lush green campus at Tiruvuru, NTR District, Andhra Pradesh, and was founded in the year 2008 to offer Diploma, B.Tech, M.Tech and MBA courses. It has NAAC A Grade accreditation and A Grade accreditation from JNTU Kakinada and is equipped with modern class rooms, advanced laboratories, digital library, Wi-Fi enabled campus, hostel facility and well-equipped transport facilities for producing globally competent professionals and responsible citizens.

#### ABOUT THE DEPARTMENT

The Department of CSE was set up in 2008 with an intake of 60 sanctioned seats and has since increased to 180 due to the academic excellence that the department maintains. The department is manned by a pool of highly qualified faculty members dedicated to providing quality education through innovative teaching techniques and mentoring. The department conducts guest lectures, FDPs, workshops, seminars, and industrial interactions involving well-known academicians and industry professionals. It is well-equipped with advanced computer labs and infrastructure for research, consultancy, internship and participation in national/international level conferences. Through academic excellence and innovation in teaching and learning and ethical values, the department aims at producing competent engineers and researchers.

#### ABOUT THE PROGRAM

Department of Computer Science and Engineering is pleased to announce the Faculty Development Programme (FDP) titled "Research to Scholarly Writing with AI Augmentation and Indexed Publishing". The FDP will be instrumental in equipping the faculties, researchers, research scholars, and post-graduate students with the necessary knowledge and skills to perform high-quality research and publish their work in reputed indexed journals. The FDP will provide a comprehensive roadmap that encompasses all aspects of the research publication process from research problem identification till publication success.

The participants will be exposed to:

- Research Problem Identification
- Introduction and Literature Review writing
- Methodology design
- Scientific writing with AI augmentation in accordance with ethical research
- Results, Discussions, and Conclusions writing
- Publication-quality Figures, Tables, and Illustrations creation
- Appropriate Journal selection and prevention from predatory publishing
- Manuscript preparation following journal guidelines
- Reviewers' comments handling and the Peer Review process
- Publication Strategies in Scopus, Web of Science, SCL and other indexed journals

This FDP incorporates expert lectures, interactive workshops, demonstrations, training, and case studies.

#### PROGRAMME OUTCOMES

By the end of the FDP, the participants would be able to:

- Ideate and develop quality research questions
- Conduct scientific research methods
- Use AI technology effectively in scholarly writing
- Write publications according to international standards
- Select appropriate journals for publishing
- Cope up with the process of peer review
- Enhance the quality and impact of their research papers

FDP is one of the best platforms for researchers and scholars to upgrade their research skills, adopt AI technology in scholarly writing, and add quality research work to the international academic fraternity.

#### ELIGIBILITY:

Faculty Development Program will be open for:

- Faculty Members of AICTE Approved Engineering Colleges
- Research Scholars
- M.Tech & B.Tech students of AICTE Approved Engineering Colleges
- Professionals from Industry in the relevant or related field of engineering.

People interested in research, AI supported writing and publishing in indexed journals are welcome to enroll.
