Career guidance Programme

Career is a much larger and significant part of our lives today and any decision in terms of career planning now has to be taken with the utmost attention. With numerous courses, certifications, colleges, job opportunities available, choosing the right career path could become intimidating for students. An adequate choice of career will not only offer an effective job opportunity but allows a student to embrace a satisfactory and respectful lifestyle. Also, the desired career path engages an individual making them more informed, confident, and dedicated. Hence the importance of career guidance and counselling cannot be ruled out.

The department of Training and Placements organized a career guidance Programme for the students. Mr. M.L. Sai Kumar was the resource person.

Mr Kumar suggested to the students to have a career plan ready. The concepts covered by him include;

1. Learning about oneself
2. Looking for options
3. Proper Research in the area of interest
4. Concentration on physical fitness
5. Keep exploring

Workshop on Emerging Technologies

This seminar was organized by Training and Placements department. Mr. K Siva Kumar of Zoom Technologies was the resource person for this programme.

Mr. Kumar opined that technology is dynamic in nature. He also expressed the opinion that the gap between various generations of technologies is becoming less. Which means that a technology introduced in 2015 becomes redundant or out dated by 2016 or even in 2015 itself.

He identified the major technologies in Engineering in the coming future as;

Computing

Artificial intelligence

Machine Learning

Internet of Things

Serverless Computing

Natural Language Generation

Computer Vision

Mr. Siva Kumar advised the students to identify their area of interest and start learning the same. He suggested that related content was available online. He answered the questions posed by the students.

Latest Trends in IT sector

As an industry-institute initiative, a seminar on latest trends in IT sector was organized by the department of Training and Placements. Mr. M. Suresh, senior Project manager at Infosys was the resource person.

Mr. Suresh focused on the latest trends in IT trends.

He identified the below technology trends

- Information of Everything
- Advanced Machine Learning
- Autonomous Agents and Things
- Adaptive Security Architecture
- Advanced System Architecture
- Mesh App and Service Architecture
- Internet of Things Platforms
- Quantum Computing

He suggested students to be skilled in the stated technologies. He even expressed the opinion that the world may opt for work from home mechanism. He cautioned the students that automation may eat up the job space for which he suggested the students to be trained on multiple domains.

Seminar on overseas Education

In an attempt to create awareness on the opportunities for overseas education, the department of Training and Placements organized a seminar on overseas education on 4th December 2017. Professor V. Rajasekhar Reddy, Registrar, Fashion Institute of Technology, New York City was the resource person for this programme. This event was held in association with American Telugu Association (ATA).

Prof. Reddy initially checked the understanding of the students about overseas education. He interacted with the students and cleared their doubts. He informed the students that they need to have good academic record and that they must qualify in ILETS or TOEFL. He advised the students to apply for passport as well.

He also listed the documents needed for overseas education. These include;

- **Application Form.** This will include all personal and professional details.
- Statement of Purpose (SOP)
- Transcripts
- Letter of Recommendation (LOR)
- Curriculum Vitae (CV) or Resume
- Test Scores. It could be GMAT, GRE, ELSAT, etc.
- Financial documents
- Travel documents

Seminar on Skilled based education

Skilling is the buzz word today. Skilling, re skilling and up skilling are the words much talked about. The department of Training and Placements organized a seminar on skilled based education on 3rd January 2017 to educate the students on the need for skill development.

Dr. D. Nageswara Rao, retired professor of Andhra University and ex vice Chancellor of Centurion University was the resource person for this event. Prof. Rao spoke at large about the changing technological scenario across all domains. He informed the students that automation has become a norm today and that the students need to be ready to face the upcoming challenges due to job loss.

He motivated the students that every problem opens up many opportunities. He advised the students to be ready to take up the challenges by skilling themselves. He indicated that today, education has become a powerful tool to bring about positive changes in the society. Online education platforms, according to Dr. Rao, are offering various technical courses for free or with nominal charges. He suggested the students to use SWAYAM and NPTEL courses to up skill themselves. He quoted how National Skill Development Corporation and Andhra Pradesh State Skill Development Corporation are striving to skill the unemployed school dropouts and how they are providing self employment opportunities.

This event came to an end with the question and answer session.

**ONE DAY
WORKSHOP
on 14th July, 2017**

I CAN & IQ

Venue:
Mini Seminar Hall, SVIST

Resource Persons:

Venugopal Lakshmiapuram

*Leadership Coach and a motivational
Speaker in India and the South Eastern Countries.*

Organized By:

Principal, Management & Staff

INSTITUTE OF SCIENCE & TECHNOLOGY

Sai Vahini Nagar, NH-30, Tiruvuru-Krishna Dist. A.P., Pin - 521 235.

I can and IQ

There is a saying, 'If you think you can, You Can, but if you think you can't, You Can Never.' A seminar on I can and IQ was organized to motivate the students about their potential.

Mr. Lakshmipuram, an eminent motivational speaker was the resource person for this programme. He motivated the students stating that all power is within a person and that if he thinks he can, he will be certainly able to do it.

He stated that IQ was a measure of intelligence. EQ deals with the understanding of our and others feelings. In order to turn an idea into an act, what one needs is 'I can' attitude. The speaker felt that 'I Can' attitude is all what matters in the execution of an idea. It is something which changes the journey of life towards success.

For the 'I Can' attitude, the speaker says, self confidence is more important. Having confidence on one self will make things possible. Mr. Lakshmipuram gave the examples of people who were successful with the 'I Can' attitude. He made the students speak and express their views without stage fear. He explained how successful people with I Can attitude overcome barriers or problems in life.

Understanding UPSC Examinations

Most of the times, engineering students concentrate on jobs in there are of specialization. Few students opt for businesses. Most of the students either neglect or do not have much knowledge about Civil Services. Mr. K. Dinesh Kumar, IAS Topper from our region was invited to share his experiences with our students. He is now the Nellore Municipal Commissioner.

He explained to the students about the stages in Civil services examinations.

- Stage I: Preliminary Examination - Held in June every year. Results are announced in August.
- Stage II: Mains
 1. Examination - Held in October every year. Results are announced in January.
 2. Personality Test (interview) - Held in March. Final results are usually announced in May.

He told the students that the training program for the selected candidates usually commences the following September.

He gave information about the eligibility rules, age relaxation, educational qualification required and the number of attempts (6-General, 9 OBC, unlimited for SC, ST till 37 years)

He shared with the students the efforts he put in to crack the civil services exam. He pointed that one should be more focused to cross this milestone. He felt happy that he could render service to the nation through this achievement.

Opportunities in the USA

This seminar was conducted in association with Kilaru foundation. The objective of this programme was to inform the students about the opportunities in education, employment and health sector in the United States of America.

The speakers spoke at large about the pre requisites for higher education in the United States of America. They advised the students to maintain a good track record of academics. The major points touched by the speakers include:

- Completed application form proof of secondary school completion (usually 12 years of schooling)
- Certification of English language proficiency (usually a score from the Test of English as a Foreign Language [TOEFL])
- Evidence of financial support

They informed the students that the American universities were widely known for their quality of teaching and research. Academic excellence, diversity of educational opportunities, latest technologies, opportunities for research, teaching and training and flexibility are few other points highlighted by the speakers.

The programme ended with a question and answer session.

T.P.O

Complex Decision Making

Decision making is an art. A wrong decision may lead to several other problems. This is true in the case of students who cannot think of an aspect from different angles. They sometimes are confused regarding their career path.

A talk on Complex Decision Making-Mental Health Policy (WHO) by Karina Gilbert, University of Spain was held on 12th November 2019.

Dr. Gilbert spoke at large on the decision making process with reference to the mental health policy of the World Health organization. She guided the students not to be letdown by failures and not to take extreme decisions for silly reasons. She encouraged students to be focused on education and asked them to aim high. He reminded the students that the world is globalised today and that they could settle in any place in the world with greater will.

She also spoke on the education system in Spain and appreciated our college students, faculty and management for their warm reception.

Lecture on Complex Decision Making

SREE VAHINI INSTITUTE OF SCIENCE AND TECHNOLOGY-TIRUVURU

CIRCULAR

Date: 23-09-2019

This is to inform to all the final year students that ABC Consulting Company has consented to visit our campus on 25th and 26th September 2019. As a Corporate Social Responsibility initiative they would educate the students on the latest technologies and would also conduct a CSR drive to make the students ready for placements. Students are advised to utilise this opportunity.

Opportunities for education in Germany

Free movement of man power from place to another across the world is a definition of globalization. Students aspire to go abroad for further studies, research and for work permit as well. Keeping this in view, the department of Training and Placements in association with 195 Overseas Pvt Ltd has organized a seminar on opportunities for education in Germany.

Mr. S. Murali, senior counsellor was in our campus to educate the students on the below points;

- **Master's (MS) Opportunity in Overseas**
- **Entry Requirements for MS**
- **Application Procedure & Time Duration**
- **Intake Availability (Country wise-Germany in focus)**
- **New Rules & Regulations in Overseas**
- **Solutions for Funding**
- **Detailed Info for Immigrant & Non-Immigrant visa process**
- **Budget planning for Tuition Fee**
- **Comprehensive info for Graduate Assistantships**
- **PPT Presentations for few countries admission procedure**
- **Explanations for student queries**

Mr. Murali explained in detail the admission procedure for education in Germany and cleared the doubts of the students.

Opportunities in agripreneurship and Self employment Opportunities

Every person has an ambition. Some look for jobs while some want to become entrepreneurs. Today we have more number of graduates than the available jobs in secondary and service sectors. Agriculture offers a solution to this problem. In order to educate the students on the prospects of entrepreneurship in agricultural and the various opportunities for self employment in this sector, the department of Training and Placements has organized an awareness programme for students.

Eminent agriculture scientist, Dr Satyen Yadav, Smt. G. Republic Rani, president of Amma Premashramam and Mr. G. Prem Kumar, MD of RR Sustainable Solutions Pvt Ltd were the speakers on the above subject.

Speaking on the topic, Dr. Yadav highlighted the scope of entrepreneurship opportunities in agriculture. He encouraged the engineering students to come up with solutions to the problems faced by Indian farmers. He noted that start ups are coming up with double digit growth in agriculture sector. He added that mechanization of agriculture, transportation, information sharing and storage offers self employment opportunities.

Smt. Rani spoke at large about how agriculture could transform the economy of India. Feeding 1.3 billion populations, agriculture still remains unorganized in India. She concentrated on the humane aspects of agriculture and on the changing methods of cultivation.

Mr. Kumar spoke on the need for sustainable solutions. He pointed out at the high levels of usage of harmful pesticides and fertilizers and how they are damaging the fertility of soil. He suggested that engineers must come out with solutions to this problem. He reminded that there could be no alternatives to food (agriculture) to sustain life on the Earth. As such, he advised the students to look towards modern and sustainable methods of agriculture.

As most of our students come from village and farming background, they found the programme to be useful. They had their doubts cleared with the speakers.

Mr.Karan Omprakash Khobaragade

Senior Manager

RELIANCE POWER L.T:D

Career opportunities in Energy Sector

Energy sector is the lifeline of any economy. It is estimated that by 2040, the demand for energy would more than double. As such, the departments of EEE and Mechanical have collectively organized a guest lecture on the career opportunities in energy sector.

Mr. Pradeep R Shengade, Ex-Executive Director of Maharashtra State Power Corporation company (MAHAGENCO) and Mr. Karan Omprakash of Reliance Power Ltd were invited as the speakers on the given topic. This programme was organized in association with Synergem Ltd.

Mr. Shengade explained that the energy sector comprises of two categories namely upstream and downstream sectors. He further elaborated that new technologies are used to drill under the sea, over the land and across difficult terrains like deserts and forests which fall under upstream sector. On the other hand down stream sector involves transportation of crude oil to refineries and finished products to consumers. He also informed the students that oil and gas sectors offer good career opportunities to freshers as public sector companies recruit freshers in good numbers.

Mr. Omprakash highlighted the changing dynamics in energy sector. He threw light on the power generation and the growing awareness on green energy. With the world economies transforming towards e-vehicles for transportation, the demand for electricity is growing in double digits. He stated that renewable energy is today gaining more importance and that the industries are also looking for transformation. A huge range of different career paths are available within the energy and utilities sector, ranging from technical and engineering roles to managerial and sales positions. He mentioned that engineers play a very important role in the energy and utilities sector. Power stations, refineries, rigs and water treatment plants require a lot of complex and large machinery, and these need to be designed, built and maintained. He highlighted that safety engineers are also absolutely essential.

Students had questions related to safety at work place and on the different roles for engineers in the energy sector. The guests educated the students that companies give first priority to safety at work and that the pay scales differ from company to company based on the role of job, experience of the candidate. However, they informed the students that for freshers the salaries remain even in similar sectors.

College Principal, members of the management, HoDs of EEE and Mechanical and students from Electrical and Mechanical departments took active part in this programme.
